NATURAL PALETTE RESOURCE

DESIGNED TO INSPIRE

ABOUT THE COLLECTION

A source guide, streamlined by the framework of color, provides a designer approach to distinctive specialties, naturals, grasses, woods, and luxury textiles. The affluent curation of exclusive designs, highlights the best in handcrafting with organic materials.

RONALD REDDING DESIGNS

Ronald Redding wallpaper designs are the essence of the modern masterclass, artfully blending the timeless past with pioneering innovation. His signature air of effortless luxury is celebrated by design and industry professionals alike as the cornerstone of neo-traditional style.

PRODUCT TYPE

This collection features multiple product types. Product types are identified on the backprint of each pattern.
Non-woven: Non-woven is a blend of compressed natural cellulose and synthetic fibers that forms a high-quality wallcovering base. It does not expand and contract with moisture yet is breathable and resistant to tearing. Seams match simply, with paste being applied either to the wallpaper back or directly to the wall. Non-woven hangs and repositions with ease and removes in full strips. Once applied, the finish has a textural hand associated with upmarket installations.

IMPORTANT

When you receive your order, please check to make sure that the design, color and quantity are correct. Also, please examine the wallcoverings for imperfections before cutting and hanging. We will replace defective merchandise, but will not be responsible for labor costs. Discolorations caused by unneutralized plaster or improper wall preparation are also not covered by this warranty.

RETURNS

Wallcovering returns must be pre-authorized and are subject to a restock handling charge plus return freight. All returns must be made within 60 days of our shipping date. Cut rolls are not acceptable for credit.
